

## Smokey Fred's Promise

I promise to make my customers the best BBQ I can every day, and to only serve you food that I would serve my family.

I only use the highest quality and freshest ingredients available. I start by personally hand selecting each individual piece of meat I purchase, ensuring a proper balance of marbling. For my Beef Brisket I use USDA Prime Beef, for my Pulled Pork, Smoked Chicken and Sausage I use only the highest grade pork, chicken and sausage available.

I promise never to use the "Boil in the Bag" food products that you'll find in "Corporate BBQ" restaurants. Nor will I use any Microwave food products (I don't even own a microwave!)

All my food is prepared using family recipes handed down generation to generation or ones I've personally developed over the years.

I promise to always try my best and to have my Pit Crew greet you with a welcoming hello and smile and then thank you for coming by as you leave.

Last, I promise that I am authentic and so is my QUE! We do it the way it should be done.....Low-n-Slow, Southern Style!

Feed You Soon,

Smokey Fred
